**Abstract**
The world at Halloween is a scary place for a dog. While Enzo’s owner, Zoë, is perfectly at ease with the jack-o-lanterns coming to life and the ghosts, spiders, and gravestones infiltrating the neighborhood, Enzo grows more and more on edge, believing magic is real. The night of Halloween climaxes in another chase—Enzo versus his visions of dragons, witches, and skeletons. Zoë and her friends come to the rescue, explaining him that it’s all pretend, and Enzo celebrates alongside the band of trick-or-treaters.
